

AI Genie

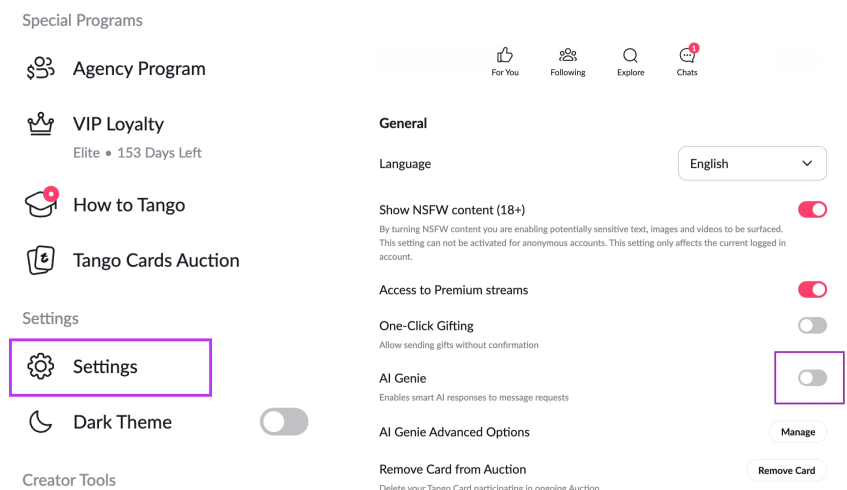

Hello! We would like to introduce you to a new feature that we have issued. It is an AI Genie — chatting assistant that will help you to keep in touch with your gifters!

WEB

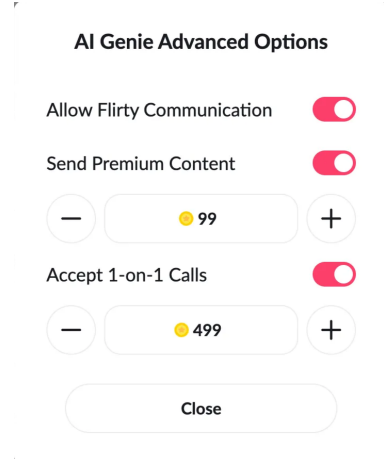

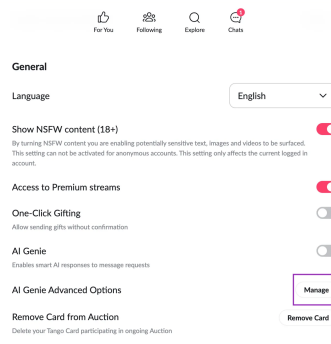

Open a chat with your gifter, and press the button in the corner

You can also turn on AI Genie in settings. Open **settings** and press the **AI Genie Switch**:

You can even ask AI Genie to maintain flirty interaction with your gifters while you are away, and help you with premium content, or with accepting 1-on-1 calls. Even when you are on a stream! Press **Manage** at the **AI Genie Advanced Options**, choose the amount, that you want, and you are ready!

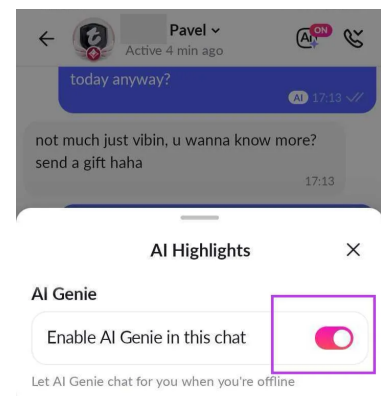

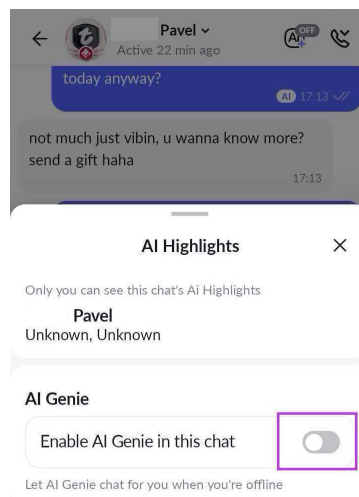

Android

Open a chat with your gifter, and press the button in the corner

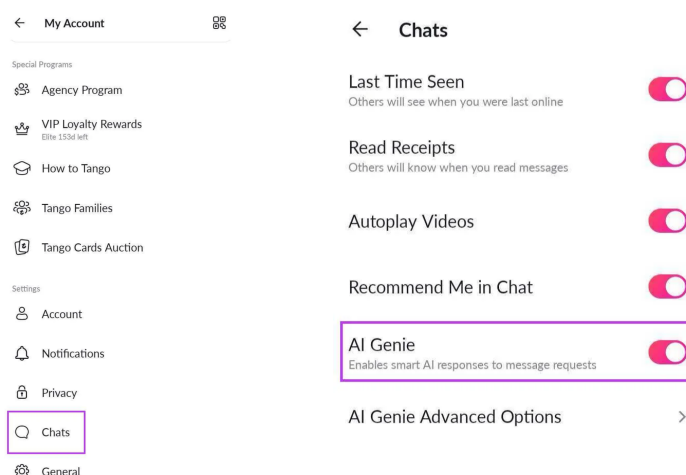

Press **Enable AI Genie in this chat** button

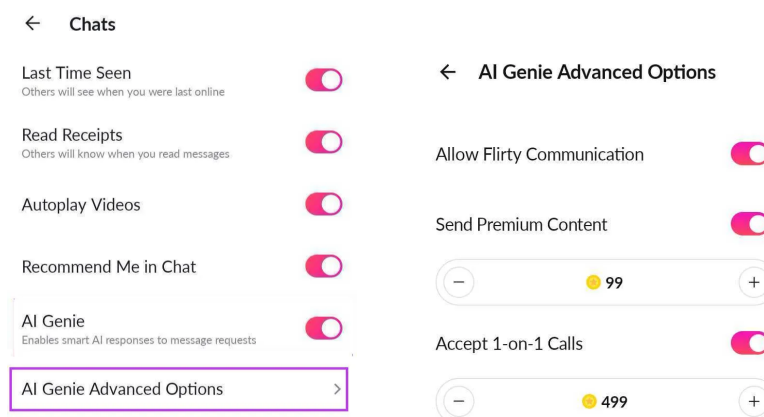

AI Genie is now **active**

You can also turn on AI Genie in **settings**. Open the **menu**, and go to the **Chats** section. There you can press AI Genie button
